CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Under no circumstances should you let this be approved. You would be infringing on artists and their intellectual properties, taking away assets that they may rely on to make a living. The worst aspect of this situation is you are essentially saying AI is allowed to use your likeness, and your properties because it is simply data and it's convenient.

For the love of God, do not let this pass.
