Subject: [External] AI Action Plan Disapproval
Date: Monday, March 17, 2025 9:14:27 AM

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good evening.

I have nothing more to say except that AI should not be strengthened but instead further regulated and even reduced. Too many Americans are already losing their jobs and livelihoods to AI, with even more to come. It already is a gigantic central point of knowledge as well that presents a gigantic national security risk should it be hacked, and the methods of AI violate every privacy or plagiarism ruling that exists. This bill must NOT pass.

Thank you for your time.
