“This document is approved for public dissemination. The document contains no business-proprietary or confidential information. Document contents may be reused by the government in developing the AI Action Plan and associated documents without attribution.”

The capabilities of ChatGPT, Midjourney and many other extant AI tools were developed through what amounts to the theft of intellectual and artistic labor on a scale unimaginable until just a few years ago.

Copyright protection is a Constitutional mandate. American "AI dominance" is not, and should not be privileged over the rights of the people whose work has been vacuumed up into the training data sets of billion-dollar companies without a dime of compensation.
