Subject: [External] AI Action Plan
Date: Monday, March 17, 2025 9:19:26 AM

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

AI is incapable of creating anything new. It can only generate things that it's been trained on. This is why it is crucial that AI datasets do not contain copyrighted material that has not been properly licensed. It is stealing, plain and simple. If the technology is not viable without stealing data, then it does not deserve to exist.
