My name is Tessa Michelle Hamilton.

My comment:

"I do not believe AI holds a place in the future of the US and AI steals from my livelihood as an American and profits off of theft. AI is overhyped and is fleecing the eyes of the American public; it is a speculatively valued product peddled by people with interests in their own market value and not vested in the good of the American people. This is not an appropriate way for us to be spending our time/tax dollars/resources on."
